

Hardin County Pasture Walk

Underwood Stock Farms

Megan Burgess – NRCS

Gary Wilson – OSU Extension (Retired)

Educational program for beef, dairy, sheep, goat, and horse producers who would like to learn how to best manage their livestock pastures and grazing techniques. Event will take place in a pasture with topics to include evaluating your resources, forage species, matching plant and animal needs, establishing and maintaining pastures, principles of management intensive grazing, using a grazing stick to estimate dry matter and manage pasture rotation, fencing and watering systems, as well as other topics that come up from the participants present at this program.
